

BENEFITS OF WORKING WITH A LICENSED PROFESSIONAL

Hello!

My name is Tracy Malone. I believe that with your cooperation our home buying process will lead to the results you are looking for. We are a real estate company and we are licensed by the State of Illinois to work with the public. Also, we have access to properties in the city or suburbs, for sale or for rent. We work with cash tenants and voucher holders. We find out what you like, show it to you and negotiate the terms with the owner. We try hard to give every client the care and attention they deserve. For more info, please review the report, "It Pays To Work With A Realtor®" then call 708.415.5556 now to find out if we can assist you!

In closing, owning a home and the home buying process can be a daunting task. The most important thing I want to convey to you is that you are not alone. I am prepared to help you but I am waiting for you to take the next step. Please call me now at 708.415.5556.

Sincerely,

Tracy D. Malone, 708.415.5556 cell/txt
